Julia

Essential features

Benchmarking

Results

Conclusion

- Under development since 2009
- Published 2012
- Newest stable version 0.4.5
- Open source
- Developers' goals
- Syntax

# Essential feature in Julia

- Dynamic type system and package manager
- Calls to Python and C functions
- User-defined types
- Metaprogramming
- Garbage Collector

# Benchmarking

- CPU time (user + system time)
- Profiling

```
real    0m9.632s
user    0m0.002s
sys     0m0.006s
```
